1.2

- 3.4** All University Faculty, Staff, and Students have a responsibility for their own health and safety, and for the health and safety of others. Continuous improvement of workplace safety relies on individuals reporting injuries and safety concerns. Everyone is encouraged to offer suggestions or ideas to improve health and safety.
- 3.5** Everyone has a duty to report injuries, near misses, hazardous conditions, or other safety concerns related to the workplace as soon as possible via the procedures outlined by Science Safety <https://www.smu.ca/faculty-of-science/science-reporting-hazards-incidents-injuries.html> or the Occupational Health and Safety Office <https://www.smu.ca/about/ohs-reporting-incidents-and-injuries.html>
- 3.6** The Faculty of Science Safety Sub-Committee will assist the University Joint Occupational Health and Safety Health
